Subject: FW: ORC Assignment for developing matters

Kristine and Fatima – Alexa Engelman in ORC will work with you on the Armstrong and Nacogdoches investigations. Laurie thought these two potential cases could have some tricky legal issues and wanted to assign an attorney early in our process thinking that Alexa could give you advice on our investigations.

Subject: ORC Assignment for developing matters

Please put Alexa Engelman down as your ORC contact for the Armstrong Egg Farm and for the Nacogdoches Oil and Gas. She's out until next week.
